

# Cultural Access Collaborative

## **Mission**

**Our mission is to empower Illinois' cultural spaces to become more accessible to visitors with disabilities.**

## **What We Do**

**Cultural Access Collaborative, formerly Chicago Cultural Accessibility Consortium, facilitates a dynamic community of cultural administrators and people with disabilities to remove barriers in Illinois' cultural organizations. We are primarily run by passionate volunteers.**

**We represent theaters, museums, orchestras, park centers, zoos, and other cultural organizations across the state of Illinois. Cultural Access Collab shares resources, information, and support to ensure more accessible and inclusive experiences for guests, collaborators, and employees with disabilities.**
